CAREER OBJECTIVE

Highly motivated Computer Science graduate proficient in Python, Java, and React.js with hands-on experience in full-stack web application development, seeking an entry-level Software Developer position to apply programming skills and problem-solving abilities to design and build robust applications.

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript

Web & Databases: React.js, HTML, CSS, MySQL

Tools & Platforms: Git, GitHub, VS Code, MS Office

Languages: English, Tamil, Telugu, Kannada

PROJECTS

Federated Deep Q-Learning for Energy-Efficient Cluster Head Selection in WSN

2026

- Designed a Federated Deep Q-Learning model for cluster head selection in WSNs; simulated 50-node network topology in Python, reducing energy consumption by ~32% vs. LEACH baseline and improving network lifetime by 27%.
- Federated agents trained locally and aggregated globally, achieving convergence in under 80 episodes. Tech stack: Python, TensorFlow.

Facial Emotion Analysis for Drug Use Detection Using Machine Learning

2025

- Fine-tuned EfficientNetV2 on 8,000+ facial images using TensorFlow and OpenCV; achieved 91.4% accuracy and 0.89 F1-score on test set, outperforming ResNet50 baseline by 6.2%.
- Integrated real-time webcam prediction pipeline with sub-200ms latency per frame. Tech stack: Python, TensorFlow, Keras, OpenCV.

Food Delivery Website

2024

- Developed a responsive web platform inspired by Domino's UI with dynamic menu listing, cart management, and order summary features using HTML, CSS, and JavaScript.
- Built interactive UI components including navigation bar, product cards, and real-time cart counter using CSS Flexbox and Grid for cross-device compatibility.

EDUCATION

P.A. College of Engineering and Technology

2022 – 2026

B.E. Computer Science and Engineering | CGPA: 7.9

Coimbatore, TN

Government Higher Secondary School, Mallupati

2022

HSC (Class XII) | 71%

Mallupati, TN

St Paul's Matric Higher Secondary School, Vellichandhai

2020

SSLC (Class X) | 81%

Vellichandhai, TN

CERTIFICATIONS

- Full Stack Web Development – Udemy (2024)
- Python Programming – Udemy (2024)
- React.js – Udemy (2024)

ACHIEVEMENTS & ACTIVITIES

- Attended Generative AI and AWS Cloud workshop at PSG College of Technology, Coimbatore.
- Presented technical paper on Federated Learning in IoT systems at PSG College of Technology, Coimbatore.
